

### 1. Guidelines to record your presentation

- As you know, The ISATRS 2026 is conducting as a ‘virtual symposium’ as our past symposia.
- Therefore, all the presenters make the presentation ‘online’.
- As we might face interruption in the real-time online presentations on the day of the symposium, the committee decided to request a ‘recorded presentation’ from all the presenters.
- All the presenters are requested to adhere to the following guidelines on the making of recorded presentation (Duration - **05 minutes** for the presentation and 05 minutes for the Q&A session)

### 2. Recording your presentation

- Under ‘slide show’ click ‘record slide show’
